The presumption may be rebutted by substantial credible evidence of the following:

(a) the person, association, contractor, firm, limited liability company, limited liability partnership, or corporation, other than a temporary service contractor, furnishing the services of a worker to another retains control over all aspects of the work performed by the worker, both at the inception of employment and during all phases of the work; and

"39-71-118. Employee, worker, volunteer, and volunteer firefighter defined. (1) As used in this chapter, the term "employee" or "worker" means:

(a) each person in this state, including a contractor other than an independent contractor, who is in the service of an employer, as defined by 39-71-117, under any appointment or contract of hire, expressed or implied, oral or written. The terms include aliens and minors, whether lawfully or unlawfully employed, and all of the elected and appointed paid public officers and officers and members of boards of directors of quasi-public or private corporations, except those officers identified in 39-71-401(2), while rendering actual service for

the corporations for pay. Casual employees, as defined by 39-71-116, are included as employees if they are not otherwise covered by workers' compensation and if an employer has elected to be bound by the provisions of the compensation law for these casual employments, as provided in 39-71-401(2). Household or domestic employment is excluded.

(b) any juvenile who is performing work under authorization of a district court judge in a delinquency prevention or rehabilitation program;

(c) a person who is receiving on-the-job vocational rehabilitation training or other on-the-job training under a state or federal vocational training program, whether or not under an appointment or contract of hire with an employer, as defined in 39-71-117, and, except as provided in subsection (9), whether or not receiving payment from a third party. However, this subsection (1)(c) does not apply to students enrolled in vocational training programs, as outlined in this subsection, while they are on the premises of a public school or community college.

(d) an aircrew member or other person who is employed as a volunteer under 67-2-105;

(e) a person, other than a juvenile as described in subsection (1)(b), who is performing community service for a nonprofit organization or association or for a federal, state, or local government entity under a court order, or an order from a hearings officer as a result of a probation or parole violation, whether or not under appointment or contract of hire with an employer, as defined in 39-71-117, and whether or not receiving payment from a third party. For a person covered by the definition in this subsection (1)(e):

(i) compensation benefits must be limited to medical expenses pursuant to 39-71-704 and an impairment award pursuant to 39-71-703 that is based upon the minimum wage established under Title 39, chapter 3, part 4, for a full-time employee at the time of the injury; and

(ii) premiums must be paid by the employer, as defined in 39-71-117(3), and must be based upon the minimum wage established under Title 39, chapter 3, part 4, for the number of hours of community service required under the order from the court or hearings officer.

(f) an inmate working in a federally certified prison industries program authorized under 53-1-301;

(g) a volunteer firefighter as described in 7-33-4109 or a person who provides ambulance services under Title 7, chapter 34, part 1; and

(h) a person placed at a public or private entity's worksite pursuant to 53-4-704. The person is considered an employee for workers' compensation purposes only. The department of public health and human services shall provide workers' compensation coverage for recipients of financial assistance, as

defined in 53-4-201, or for participants in the food stamp program, as defined in 53-2-902, who are placed at public or private worksites through an endorsement to the department of public health and human services' workers' compensation policy naming the public or private worksite entities as named insureds under the policy. The endorsement may cover only the entity's public assistance participants and may be only for the duration of each participant's training while receiving financial assistance or while participating in the food stamp program under a written agreement between the department of public health and human services and each public or private entity. The department of public health and human services may not provide workers' compensation coverage for individuals who are covered for workers' compensation purposes by another state or federal employment training program. Premiums and benefits must be based upon the wage that a probationary employee is paid for work of a similar nature at the assigned worksite.

(i) a member of a religious corporation, organization, or trust while performing services for the corporation, organization, or trust, as described in 39-71-117(1)(d).

(2) The terms defined in subsection (1) do not include a person who is:

(a) participating in recreational activity and who at the time is relieved of and is not performing prescribed duties, regardless of whether the person is using, by discount or otherwise, a pass, ticket, permit, device, or other emolument of employment;

(b) performing voluntary service at a recreational facility and who receives no compensation for those services other than meals, lodging, or the use of the recreational facilities;

(c) performing services as a volunteer, except for a person who is otherwise entitled to coverage under the laws of this state. As used in this subsection (2)(c), "volunteer" means a person who performs services on behalf of an employer, as defined in 39-71-117, but who does not receive wages as defined in 39-71-123.

(d) serving as a foster parent, licensed as a foster care provider in accordance with 52-2-621, and providing care without wage compensation to no more than six foster children in the provider's own residence. The person may receive reimbursement for providing room and board, obtaining training, respite care, leisure and recreational activities, and providing for other needs and activities arising in the provision of in-home foster care.

(3) With the approval of the insurer, an employer may elect to include as an employee under the provisions of this chapter any volunteer as defined in subsection (2)(c).

(4) (a) The term "volunteer firefighter" means a firefighter who is an enrolled and active member of a governmental fire agency organized under Title 7, chapter 33,

except 7-33-4109.

(b) The term "volunteer hours" means all the time spent by a volunteer firefighter in the service of an employer, including but not limited to training time, response time, and time spent at the employer's premises.

(5) (a) If the employer is a partnership, limited liability partnership, sole proprietor, or a member-managed limited liability company, the employer may elect to include as an employee within the provisions of this chapter any member of the partnership or limited liability partnership, the owner of the sole proprietorship, or any member of the limited liability company devoting full time to the partnership, limited liability partnership, proprietorship, or limited liability company business.

(b) In the event of an election, the employer shall serve upon the employer's insurer written notice naming the partners, sole proprietor, or members to be covered and stating the level of compensation coverage desired by electing the amount of wages to be reported, subject to the limitations in subsection (5)(d). A partner, sole proprietor, or member is not considered an employee within this chapter until notice has been given.

(c) A change in elected wages must be in writing and is effective at the start of the next quarter following notification.

(d) All weekly compensation benefits must be based on the amount of elected wages, subject to the minimum and maximum limitations of this subsection (5)(d). For premium ratemaking and for the determination of the weekly wage for weekly compensation benefits, the electing employer may elect an amount of not less than \$900 a month and not more than 1 1/2 times the state's average weekly wage.

(6) (a) If the employer is a quasi-public or a private corporation or a manager-managed limited liability company, the employer may elect to include as an employee within the provisions of this chapter any corporate officer or manager exempted under 39-71-401(2).

(b) In the event of an election, the employer shall serve upon the employer's insurer written notice naming the corporate officer or manager to be covered and stating the level of compensation coverage desired by electing the amount of wages to be reported, subject to the limitations in subsection (5)(d). A corporate officer or manager is not considered an employee within this chapter until notice has been given.

(c) A change in elected wages must be in writing and is effective at the start of the next quarter following notification.

(d) All weekly compensation benefits must be based on the amount of elected wages, subject to the minimum and maximum limitations of this subsection (6)(d). For premium ratemaking and for the determination of the weekly wage for weekly compensation

benefits, the electing employer may elect an amount of not less than \$200 a week and not more than 1 1/2 times the state's average weekly wage.

(7) (a) The trustees of a rural fire district, a county governing body providing rural fire protection, or the county commissioners or trustees for a fire service area may elect to include as an employee within the provisions of this chapter any volunteer firefighter. A volunteer firefighter who receives workers' compensation coverage under this section may not receive disability benefits under Title 19, chapter 17.

(b) In the event of an election, the employer shall report payroll for all volunteer firefighters for premium and weekly benefit purposes based on the number of volunteer hours of each firefighter times the average weekly wage divided by 40 hours, subject to a maximum of 1 1/2 times the state's average weekly wage.

(c) A self-employed sole proprietor or partner who has elected not to be covered under this chapter, but who is covered as a volunteer firefighter pursuant to subsection (7)(a) and when injured in the course and scope of employment as a volunteer firefighter, may in addition to the benefits described in subsection (7)(b) be eligible for benefits at an assumed wage of the minimum wage established under Title 39, chapter 3, part 4, for 2,080 hours a year. The trustees of a rural fire district, a county governing body providing rural fire protection, or the county commissioners or trustees for a fire service area may make an election for benefits. If an election is made, payrolls must be reported and premiums must be assessed on the assumed wage.

(8) Except as provided in chapter 8 of this title, an employee or worker in this state whose services are furnished by a person, association, contractor, firm, limited liability company, limited liability partnership, or corporation, other than a temporary service contractor, to an employer, as defined in 39-71-117, is presumed to be under the control and employment of the employer. This presumption may be rebutted as provided in 39-71-117(3).

(9) A student currently enrolled in an elementary, secondary, or postsecondary educational institution who is participating in work-based learning activities and who is paid wages by the educational institution or business partner is the employee of the entity that pays the student's wages for all purposes under this chapter. A student who is not paid wages by the business partner or the educational institution is a volunteer and is subject to the provisions of this chapter.

(10) For purposes of this section, an "employee or worker in this state" means:

(a) a resident of Montana who is employed by an employer and whose employment duties are primarily carried out or controlled within this state;

(b) a nonresident of Montana whose principal employment

duties are conducted within this state on a regular basis for an employer;

(c) a nonresident employee of an employer from another state engaged in the construction industry, as defined in 39-71-116, within this state; or

(d) a nonresident of Montana who does not meet the requirements of subsection (10)(b) and whose employer elects coverage with an insurer that allows an election for an employer whose:

- (i) nonresident employees are hired in Montana;
- (ii) nonresident employees' wages are paid in Montana;
- (iii) nonresident employees are supervised in Montana; and
- (iv) business records are maintained in Montana.

(11) An insurer may require coverage for all nonresident employees of a Montana employer who do not meet the requirements of subsection (10)(b) or (10)(d) as a condition of approving the election under subsection (10)(d)."

"39-71-123. Wages defined. (1) "Wages" means all remuneration paid for services performed by an employee for an employer, or income provided for in subsection (1)(d). Wages include the cash value of all remuneration paid in any medium other than cash. The term includes but is not limited to:

(a) commissions, bonuses, and remuneration at the regular hourly rate for overtime work, holidays, vacations, and periods of sickness;

(b) backpay or any similar pay made for or in regard to previous service by the employee for the employer, other than retirement or pension benefits from a qualified plan;

(c) tips or other gratuities received by the employee, to the extent that tips or gratuities are documented by the employee to the employer for tax purposes;

(d) income or payment in the form of a draw, wage, net profit, or substitute for money received or taken by a sole proprietor or partner, regardless of whether the sole proprietor or partner has performed work or provided services for that remuneration;

(e) board, lodging, rent, or housing if it constitutes a part of the employee's remuneration and is based on its actual value; and

(f) payments made to an employee on any basis other than time worked, including but not limited to piecework, an incentive plan, or profit-sharing arrangement.

(2) The term "wages" does not include any of the following:

(a) employee expense reimbursements or allowances for meals, lodging, travel, subsistence, and other expenses, as set forth in department rules;

(b) the amount of the payment made by the employer for

employees, if the payment was made for:

(i) retirement or pension pursuant to a qualified plan as defined under the provisions of the Internal Revenue Code;

(ii) sickness or accident disability under a workers' compensation policy;

(iii) medical or hospitalization expenses in connection with sickness or accident disability, including health insurance for the employee or the employee's immediate family;

(iv) death, including life insurance for the employee or the employee's immediate family;

(c) vacation or sick leave benefits accrued but not paid;

(d) special rewards for individual invention or discovery;

or

(e) monetary and other benefits paid to a person as part of public assistance, as defined in 53-4-201.

(3) (a) Except as provided in subsection (3) (b), for compensation benefit purposes, the average actual earnings for the four pay periods immediately preceding the injury are the employee's wages, except that if the term of employment for the same employer is less than four pay periods, the employee's wages are the hourly rate times the number of hours in a week for which the employee was hired to work.

(b) For good cause shown, if the use of the last four pay periods does not accurately reflect the claimant's employment history with the employer, the wage may be calculated by dividing the total earnings for an additional period of time, not to exceed 1 year prior to the date of injury, by the number of weeks in that period, including periods of idleness or seasonal fluctuations.

(4) (a) For the purpose of calculating compensation benefits for an employee working concurrent employments, the average actual wages must be calculated as provided in subsection (3). As used in this subsection, "concurrent employment" means employment in which the employee was actually employed at the time of the injury and would have continued to be employed without a break in the term of employment if not for the injury.

(b) Except as provided in 39-71-118(7)(c), the compensation benefits for a covered volunteer must be based on the average actual wages in the volunteer's regular employment, except self-employment as a sole proprietor or partner who elected not to be covered, from which the volunteer is disabled by the injury incurred.

(c) The compensation benefits for an employee working at two or more concurrent remunerated employments must be based on the aggregate of average actual wages of all employments, except for the wages earned by individuals while engaged in the employments outlined in 39-71-401(3)(a) who elected not to be covered, from which the employee is disabled by the injury incurred.

(5) For the purposes of calculating compensation benefits

for an employee working for an employer, as provided in 39-71-117(1)(d), and for calculating premiums to be paid by that employer, the wages must be based upon all hours worked multiplied by the mean hourly wage by area, as published by the department in the edition of Montana Informational Wage Rates by Occupation, adopted annually by the department, that is in effect as of the date of injury or for the period in which the premium is due."
